10 FATALITIES IN CHICAGO BLACK BELT FIRE

4 STORY BUILDING HOUSING FAMILIES WAS DESTROYED

PANIC REIGNS, GENERAL ALARM
BRINGS APPARATUS FROM
ALL OVER CITY

FIREMEN HAMPERED BY CRAZED
PEOPLE RUNNING IN TO SAVE
RELATIVES

Chicago, June 21.—Ten negroes were burned to death and 11 others injured, some seriously, when fire destroyed an old 4-story building in the black belt early today.

A police announcement said that nine bodies were recovered and one man died after being taken from the structure, which firemen declared turned like a paper box.

More than 175 negroes, including many children, were in the building when the flames were discovered. The fire was reported to have started in a second hand store on the ground floor. The proprietor is being held by police for questioning.

The tenement is located at Twenty-second and Federal streets.

A panic began in the building and those surrounding it when the flames were discovered, after having gathered considerable headway. The occupants fled to the street, their cries mingling with the screeching sirens of fire apparatus answering a general alarm from all parts of the city.

Firemen and police were hampered in their work by occupants who rushed back into the flaming structure to rescue relatives. Nude children dashed through the streets, some being struck down by vehicles.

The panic was added to by trapped women and children crowding upper-story windows. Some jumped. Others thwarted rescue fighting among themselves to be the first taken out by firemen. Two or three times ladders were knocked away by struggling victims, and before they could be replaced at the windows escape was cut off by flames licking upward.

A number of taxicab drivers joined police reserves in quelling the crowd. They formed hollow squares fighting back the negroes with clubs and monkey-wrenches from their cars, and with bare fists.

WIFE OF ONE MAN, HUSBAND OF ANOTHER

Chicago, June 21.—Fred C. Thompson, alias Mrs. Frank Thompson, identified by the victim's widow as the slayer of Richard C. Tesmer, was declared by police today to be posing as the wife of one man and the husband of a woman known as "Marie Clark."

Chief of Detectives Michael Hughes who arrested Thompson in feminine attire as the blue-eyed smiling girl bandit, said Thompson has been playing the dual role for at least two years.

As the wife of Frank Thompson, also known as Frank Carrick, Thompson secured exemption for his "husband" in the draft, Hughes asserted. The chief of detectives also said he possessed evidence that the prisoner was posing as the Carrick woman's husband.

Thompson was grilled again today in connection with the Tesmer murder. He reiterated a general denial and again exhibited his strange masculine and feminine personality by switching his voice to girlish tones and then to deep bass. He was apparently unconscious of the change.

The prisoner refused to give up his sly feminine clothes, in which he was arrested in a north side flat. He asked that he be allowed to "rouge up" and again be taken before Mrs. Tesmer, who saw her husband shot down by the girl bandit.

Hughes said one alibi offered by the prisoner had been torn down by Anthony Kresher, with whom he claimed he was with when the murder occurred. Kresher denied he was with Thompson.

Police are searching for an underworld character known as "Slim," who is believed to have been the girl's companion in the Tesmer robbery.

COMPLETE HARMONY IN THE RANKS OF THE UNITED MINE WORKERS

(By United Press)
Chicago, June 21.—Complete harmony now prevails inside the United Mine Workers of America, Samuel Gompers, president of the American Federation of Labor, announced today.

Gompers said Frank Farrington, head of the Illinois miners, and John L. Lewis, international president, had reached a new accord.

MILLION DOLLAR NORTHWEST RAINS

MOISTURE DOES UNTOLD BENE- FIT IN MINNESOTA AND DAKOTAS

(By United Press)
St. Paul, June 21.—Rains in Minnesota and the Dakotas this week were called million-dollar rains by crop experts today.

Drought recently seriously cut production of small grain crops in the Northwest.

Rye production in North Dakota will be 50 per cent less than the total production last year, according to reports to the North Dakota Agricultural College. Other crops have been seriously damaged by the drought, but rain this week has alleviated the situation considerably.

All crops were "drying up" in north-central and northern Minnesota last week, according to crop reports here, which said that heavy rainstorms this week were worth a "million dollars."

Pasture was held down by drought, and stock suffered slightly. In addition, however, extremely hot weather had a telling effect on livestock. The heat has also affected farm labor, now in the midst of cultivation.

Hail Causes Some Damage

Fargo, N. D., June 21.—Extreme heat is inducing severe storms which have been prevalent over the Dakotas and Minnesota this week, observers believed today.

More than three inches of rain fell in less than three hours here last night.

From Carrington, N. D., came reports that the rain turned to hail there and caused heavy damage to growing crops.

Rain caused considerable damage by putting telephone lines out of commission north of here and in northwestern Minnesota.

Two bolts struck the State Detention Hospital here and tore a great hole in it, but did not set it afire. Another bolt struck a house in Moorhead, setting it afire.

DRY REPEALER IS KILLED IN WISCONSIN

(By United Press)
Madison, Wis., June 21.—The Tucker bill to repeal Wisconsin's strict prohibition enforcement law was dead as a door nail today.

The dry repealer, which was passed by the lower house, was killed last night by the senate, 19 to 12.

JAPAN WITHHOLDS SOVIET RECOGNITION

(By United Press)
Tokyo, June 21.—Japan will not grant recognition to the Russian soviet government unless Russia settles with Japan for the massacre of Japanese at Nikolaevsk, Minister Uchida of Japan declared today.

MORE RESIGNATIONS AT AMHERST COLLEGE

Amherst, Mass., June 21.—Professor Walter R. Agard and Professor John M. Gans have resigned, it was announced today, as the result of resignation, under pressure, of Dr. Alexander Mikeljohn, president of Amherst College. Other resignations are expected.

GERMANY PROTESTS TO ALLIES ABOUT FRENCH TACTICS

OBJECTS TO SEVERE MEASURES
OF REPARATION IN THE
RUHR VALLEY

CLAIMED FRANCE IS TO CONFISCATE
IRON AND STEEL
PLANTS, ETC.

(By United Press)
Berlin, June 21.—Germany today sent a protest to the allies against new severe measures of reparation instituted by the French in the Ruhr valley.

The German protest followed an announcement from Dusseldorf that General DeGoutte, head of French and Belgian forces, was working at a scheme whereby all industries of the invaded areas turning out reparations material would be confiscated and worked by forced labor. Iron and steel plants, metal works, mines, coke ovens and other private industries are to be seized under the scheme, and the Germans forced either to work or go to jail.

While several days will be required to work out details of the plan, and Germany has had only a fright, the government took the occasion to object to the Entente against this also making a special protest against DeGoutte's traffic restriction, which, it is claimed, endangers the food supply of the occupied areas.

ESCAPED LIFER IS TRACKED BY POSSE

(By United Press)
Escanaba, Mich., June 21.—Sheriff Joseph Carney's posse has completely surrounded a wooded spot near here today where George Natchoff, escaped lifer from Marquette prison, who shot and killed Deputy Sheriff Frank Curran yesterday, is hiding. G. Natchoff, heavily armed with a good supply of ammunition, sent word to Sheriff Carney that he expected to "fight it out to a finish."

Fugitive Surrenders

Escanaba, Mich., June 21.—Armed with a .45-caliber revolver, George Natchoff, escaped Marquette prison convict and slayer of Frank Curran, member of a pursuing posse, held at bay an armed band of deputies, but surrendered unconditionally to a horde of mosquitoes, famine and pestilence, it was reported here today. Hiding in a tangled undergrowth of a swamp near Maple Ridge, Natchoff is believed to have become demoralized through eating wild vegetation and through the attacks of punitive insects.

ST. CLOUD HOSPITAL CONTRACTS MADE

MINNEAPOLIS COMPANIES GET
AWARDS FOR GENERAL CON-
STRUCTION, HEATING, ETC.

Washington, June 21.—Director W. D. Hines of the Veterans bureau announced late yesterday the award of contracts for construction of the bureau's hospital at St. Cloud, Minn., at a total cost of \$755,730.

The Carter-Halls-Aldridge company of Minneapolis was awarded the contract for general construction on its bid of \$519,656.

H. Kelly & Co., Minneapolis, received the award for heating and plumbing at \$191,000.

The award for electrical equipment went to Strange Electric company, Philadelphia, at \$30,000.

Montreal, June 21.—In the historic courtroom of the King Bench, Adolphe Delorme, former Catholic priest charged with the murder of his half brother, Raoul, in January, 1922, today begins his fight for his life.

U. S. SUPREME COURT TO HEAR MINNESOTA INDIANS' LAND CASE

Minneapolis, June 21.—Appeal from the decision against suit of the Chippewa Indians of the Red Lake district of Minnesota for an injunction against the state to prevent conversion of Indian lands into state property will be argued before the United States supreme court.

John G. Morrison, Jr., attorney for the members of the Chippewa tribe, was granted his request by the district court of appeals, which handed down the decision against the injunction.

Morrison declares 300,000 acres of Indian land will be held by the state unless the court interferes, as there are 600,000 acres already conveyed to the state, and that the Indians will receive no consideration for the land.

HOME RULE ADVOCATES

LEAGUE OF MINNESOTA MUNICI-
PALITIES DELEGATES PRAISE
TOWN HALL

(By United Press)
Faribault, Minn., June 21.—The League of Minnesota Municipalities convention hall is a surging throng of home rule advocates.

Ireland never had a larger number of home rule speeches than the convention here. More than 300 delegates attended sessions today. Most of them agreed that the government is getting "too far away from the old town hall," and that the solution is to keep legislatures from interfering with "home rule."

Mayor Arthur E. Nelson, St. Paul, pointed out that of 451 laws passed by the last legislature, 55 pertained to counties and municipalities.

"There is no home rule in Minnesota," Mayor Nelson said. He urged that the convention swing behind a movement to prevent the state from interfering with local problems outside the common laws of the state.

"Things were better when there was more in the old town hall and less in the state capital," said Governor J. A. O. Preus last night.

"I regret to look into the future and see government getting farther away from the old town hall."

L. C. Hodgson urged that the members keep up the fight for home rule. The convention was held at work in the heat at noon today. Committee reports took up more than an hour. Mayor George E. Leach, Minneapolis, presided over the luncheon at noon.

Business of the convention will be resumed this afternoon.

OLYMPIC COMING CAUSES QUANDARY

Washington, June 21.—A conference of customs and prohibition officials of the treasury department to decide what action shall be taken when the British liner Olympic arrives in New York with a full cargo of liquor under seal for passengers on the return voyage was called today by Secretary Mellon.

Believing that the British government seeks an out-and-out test as to what extent the laws and regulations prohibiting liquor on foreign ships will be enforced, Mellon hopes to decide what course of action should be taken before he sails for Europe Saturday.

INSULIN OBTAINED FROM DOGFISH GLANDS

Seattle, June 21.—Insulin, a new treatment for diabetes, has been isolated in promising quantities from dogfish taken in Puget sound, Dr. J. B. Collip, professor of biochemistry in the University of Alberta, told a public audience here. Dr. Collip in his laboratory at Edmonton, Alta., obtained more insulin from the pancreatic glands of seven tons of dogfish than he could have obtained from an equal quantity of pancreas from cattle, he said.

'WHEAT COUNCIL OF UNITED STATES' HAS BEEN FORMED

AUTHORIZED BY 500 DELEGATES
IN SESSION AT CHICAGO
TODAY

ASK MINIMUM PRICE OF \$1.50 A
BUSHEL BE SET ON FARM-
ERS' WHEAT

(By United Press)
Chicago, June 21.—Organization of the "Wheat Council of the United States" with power to act for all branches of industry that deal in production, transportation and marketing of wheat was started here today.

The Wheat Council was authorized by 500 delegates at the National Wheat Conference, which was called by the governors of seven states for purpose of seeking higher prices of wheat.

Resolutions urging cooperative marketing, stabilizing of wheat prices and greater home consumption of wheat products were adopted by the conference in its closing session.

After a vigorous debate lasting more than three hours, the conference voted down a resolution proposing congressional creation of a national wheat corporation financed by the United States Treasury which would have set a minimum price of \$1.50 per bushel of wheat for the farmer.

H. E. Byram, president of the Chicago, Milwaukee & St. Paul railroad, O. E. Bradford, head of the American Farm Bureau, Julius Fleischmann, the president of the Fleischmann Yeast Company, T. Edison White, president of Armour & Company, Alexander Logge, president of the International Harvester company and Daniel A. Wallace, Minnesota publisher and brother of the Secretary of Agriculture, were among the men elected to the board of directors of the permanent wheat council.

LEVIATHAN STEAMS ON HER TRIAL TRIP

(By United Press)
Aboard the S. S. Leviathan, by wireless to the U. P., June 21.—Steaming through cooling zephyrs of the Atlantic, the Leviathan, carrying several hundred guests of the shipping board on her trial trip, increased her speed another notch today.

The program is to continue speeding up until the maximum is reached. It is hoped that the Mauritanian record for a "sprint" will be broken. Captain Hartley is pleased with the ship's performance so far.

ETNA BURSTING OUT ONCE MORE

MOLTEN STREAMS OF LAVA AD-
VANCING ON HELPLESS
TOWNS

(By United Press)
Catania, Sicily, June 21.—One hundred hours after the first great blasts from Etna's cone which started a panicky exodus of hundreds of thousands of Sicilians from their homes, molten streams of lava from the volcano still advanced on the helpless towns and deserted hamlets today. Ashes and cinders still fell in great clouds from the mountain.

One of the main streams of steaming withering lava, moving with decreasing speed suddenly shot out a fiery branch which is advancing on the hamlet of Lavanio. Destruction of the little township seems imminent. Relief work continues, with the presence of King Victor Emmanuel a powerful factor for the thousands of peasants whose homes lie beneath the lava lakes that still spread as eruptions go on with diminishing intensity.

'ARMED GERMANS ATTACKED BELGIAN MILITARY CYCLISTS'

(By United Press)
Aix la Chapelle, France, June 21.—A crowd of armed Germans today attacked a Belgian military cyclist detachment, according to a dispatch from Dorten.

PRES HARDINGS WESTERN TRIP

TO SPEAK TONIGHT IN ST. LOUIS,
HOME STATE OF SENATOR
REED

(By United Press)
Lawrence Martin, Aboard President Harding's Special Train enroute to St. Louis, June 21.—President Harding will reveal on his western trip the general outline of a much more comprehensive international program than he has yet disclosed. Some of Mr. Harding's ideas on world relations may prove more startling and disquieting to the irreconcilables than his world court proposal. He was scheduled to speak tonight at St. Louis in the home state of Senator Reed, bitterest democratic irreconcilable. While there is nothing at this time to indicate, even broadly, the trend of Harding's program, it can be stated that if even a small portion of it is adopted, the United States will play a much more active part in hastening a settlement of world problems than it has up to this time.

The president has information of the most significant sort concerning developments in Europe. He has been increasingly impressed recently with the fact that European troubles, if long continued, will likely bring a reflex in the United States, which may adversely affect the farmers, industrial workers, business men and capitalists of this country.

This much can be said, that Europe's efforts to settle the Ruhr and reparations problems will not be allowed to end in total failure with the effort being made from this side of the Atlantic to prevent such a breaking-up of forces tending to adjustment, which Mr. Harding believes is vital, not only to America but to European welfare.

The presidential special is due at St. Louis late this afternoon and tonight, where his speaking tour will formally be begun in an address at the Coliseum of that city. Mr. Harding will take part in a cornerstone laying in the new City Club shortly after arriving in St. Louis.

FIRST REAL REAR PLATFORM SPEECH

Washington, Ind., June 21.—The size of the crowd of people at Mitchell, Indiana, moved President Harding to deliver the first real rear platform speech of his trip today.

"I am glad to see you this morning and to say a word to you," said Mr. Harding. "I know of nothing more pleasing for those who are temporarily charged with authority than to meet and come in contact with the people whom they are trying to serve."

"I want you to believe, because it is everlastingly true, that your government is just as much interested in you as you yourselves, because, unless you are a fortunate and happy people, your government cannot reach that height of efficiency, power and helpfulness to which we want to bring it. I thank you for this opportunity. Good-bye and good luck."

INJURED 'U' GRADUATE SUES FOR \$25,000

Minneapolis, June 21.—Because he was not able to march over the campus knoll and graduate from the University of Minnesota with his class yesterday, due to injuries received in an automobile accident, Harry Weiner, a senior at the university, today filed suit for \$25,000 against K. E. Brunsdale in district court.

SEEK PERMANENT ORGANIZATION IN COUNTY AND CITY

ALL THOSE INTERESTED TO
GATHER AT IRON EXCHANGE
HALL FRIDAY EVENING

CLARENCE E. MESERVE, REGIONAL
DIRECTOR, TO BE A SPEAK-
ER ON OCCASION

Friday evening at 7:30 o'clock a large group of people interested in a permanent Boy Scouts organization for Brainerd and Crow Wing county, will meet in the Iron Exchange hall on the third floor, and make preparations for the drive which will be started next week.

Clarence E. Meserve, Regional Director, is making arrangements now for a permanent organization. People interested in assisting are urged to attend.

The camp site is being cleared and a carpenter has been engaged to build the floors for the tents. The camp will be on the north shore of North Long lake near Merrifield.

TERRIFIC HEAT WAVE BROKEN

(By United Press)
Washington, June 21.—The terrific heat wave which enveloped the eastern part of the country last Tuesday, bringing about many deaths and prostrations, will be broken tonight, the official forecast of the United States weather bureau here declared today.

Fifty-nine persons have perished as the result of the heat wave which swept a great part of the United States.

These casualties occurred in Minnesota, Missouri, Ohio, Michigan, Illinois, New York, Massachusetts and Pennsylvania.

Suffering has been reported throughout the east and middle west. Thousands of sufferers slept on beaches along the Atlantic coast, and in big cities parks were thrown open for the same purposes.

Today is the longest day in the year, and it started out with even higher temperatures in many places than yesterday. More deaths and prostrations are considered inevitable if the heat continues.

TOLL OF TWO MORE LIVES IS TAKEN

* St. Paul, June 21.—The heat wave over the northwest took a toll of two more lives yesterday and increased the total of deaths from heat and storm to 6.

Gust Borsten, Minneapolis, left the sultry streets and went to Lake Nokomis for relief while the thermometer was at 92. He had been in the cooling waters of Lake Nokomis only a few minutes when he collapsed. He was taken to the boat house, where he died.

Gust Nordaun, East Ringo, Wisconsin, died from injuries received in a storm which struck that town Tuesday. There were three heat prostrations in the Twin Cities yesterday, and two more today. Thousands of people deserted the cities to get relief at the lakes. Little relief was promised for the next 48 hours by the weather bureau.

TO LEAVENWORTH AND NOT BACK-TO-AFRICA

(By United Press)
New York, June 21.—Marcus Garvey, colored organizer of a Back-to-Africa movement, was sentenced today to five years imprisonment at Leavenworth, Kansas, for using the mails to defraud.

Garvey is accused of selling stock in a "Black Star" line to credulous negroes after the venture had become insolvent. At his request he was sentenced to Leavenworth instead of to Atlanta.

10 FATALITIES IN CHICAGO BLACK BELT FIRE

4 STORY BUILDING HOUSING FAMILIES WAS DESTROYED

PANIC REIGNS, GENERAL ALARM
BRINGS APPARATUS FROM
ALL OVER CITY

FIREMEN HAMPERED BY CRAZED
PEOPLE RUNNING IN TO SAVE
RELATIVES

Chicago, June 21.—Ten negroes were burned to death and 11 others injured, some seriously, when fire destroyed an old 4-story building in the black belt early today.

A police announcement said that nine bodies were recovered and one man died after being taken from the structure, which firemen declared burned like a paper box.

More than 175 negroes, including many children, were in the building which the flames were discovered. The fire was reported to have started in a second hand store on the ground floor. The proprietor is being held by police for questioning.

The tenement is located at Twenty-second and Federal streets.

A panic began in the building and those surrounding it when the flames were discovered, after having gathered considerable headway. The occupants fled to the street, their crying mingling with the screeching sirens of fire apparatus answering a general alarm from all parts of the city.

Firemen and police were hampered in their work by occupants who rushed back into the flaming structure to rescue relatives. Nude children dashed through the streets, some being struck down by vehicles.

The panic was added to by trapped women and children crowding upper-story windows. Some jumped. Others thwarted rescue fighting among themselves to be the first taken out by firemen. Two or three times ladders were knocked away by struggling victims, and before they could be replaced at the windows escape was cut off by flames licking upward.

A number of taxicab drivers joined police reserves in quelling the crowd. They formed hollow squares fighting back the negroes with clubs and monkey-wrenches from their cars, and with bare fists.

WIFE OF ONE MAN, HUSBAND OF ANOTHER

Chicago, June 21.—Fred C. Thompson, alias Mrs. Frank Thompson, identified by the victim's widow as the slayer of Richard C. Tesmer, was declared by police today to be posing as the wife of one man and the husband of a woman known as "Marie Clark."

Chief of Detectives Michael Hughes who arrested Thompson in feminine attire as the blue-eyed smiling girl bandit, said Thompson has been playing the dual role for at least two years.

As the wife of Frank Thompson, also known as Frank Carrick, Thompson secured exemption for his "husband" in the draft, Hughes asserted. The chief of detectives also said he possessed evidence that the prisoner was posing as the Carrick woman's husband.

Thompson was grilled again today in connection with the Tesmer murder. He reiterated a general denial and again exhibited his strange masculine and feminine personality by switching his voice to girlish tones and then to deep bass. He was apparently unconscious of the change.

The prisoner refused to give up his slithering feminine clothes, in which he was arrested in a north side flat. He asked that he be allowed to "rouge up" and again be taken before Mrs. Tesmer, who saw her husband shot down by the girl bandit.

Hughes said one alibi offered by the prisoner had been torn down by Anthony Kresher, with whom he claimed he was with when the murder occurred. Kresher denied he was with Thompson.

Police are searching for an underworld character known as "Slim", who is believed to have been the girl's companion in the Tesmer robbery.

MILLION DOLLAR NORTHWEST RAINS

MOISTURE DOES UNTOLD BENEFIT IN MINNESOTA AND DAKOTAS

(By United Press)
St. Paul, June 21.—Rains in Minnesota and the Dakotas this week were called million-dollar rains by crop experts today.

Drought recently seriously cut production of small grain crops in the Northwest.

Rye production in North Dakota will be 50 per cent less than the total production last year, according to reports to the North Dakota Agricultural College. Other crops have been seriously damaged by the drought, but rain this week has alleviated the situation considerably.

All crops were "drying up" in north-central and northern Minnesota last week, according to crop reports here, which said that heavy rainstorms this week were worth a "million dollars."

Pasturage was held down by drought, and stock suffered slightly. In addition, however, extremely hot weather had a telling effect on livestock. The heat has also affected farm labor, now in the midst of cultivation.

Hail Causes Some Damage

Fargo, N. D., June 21.—Extreme heat is inducing severe storms which have been prevalent over the Dakotas and Minnesota this week, observers believed today.

More than three inches of rain fell in less than three hours here last night.

From Carrington, N. D., came reports that the rain turned to hail there and caused heavy damage to growing crops.

Rain caused considerable damage by putting telephone lines out of commission north of here and in northwestern Minnesota.

Two bolts struck the State Detention Hospital here and tore a great hole in it, but did not set it afire. Another bolt struck a house in Moorhead, setting it afire.

(By United Press)
Berlin, June 21.—Germany today sent a protest to the allies against new severe measures of reparation instituted by the French in the Ruhr valley.

The German protest followed an announcement from Dusseldorf that General DeGoutte, head of French and Belgian forces, was working at a scheme whereby all industries of the invaded areas turning out reparations material would be confiscated and worked by forced labor. Iron and steel plants, metal works, mines, coke ovens and other private industries are to be seized under the scheme, and the Germans forced either to work or go to jail.

While several days will be required to work out details of the plan, and Germany has had only a fright, the government took the occasion to object to the Entente against this also making a special protest against DeGoutte's traffic restriction, which, it is claimed, endangers the food supply of the occupied areas.

U. S. SUPREME COURT TO HEAR MINNESOTA INDIANS' LAND CASE

Minneapolis, June 21.—Appeal from the decision against suit of the Chippewa Indians of the Red Lake district of Minnesota for an injunction against the state to prevent conversion of Indian lands into state property will be argued before the United States supreme court.

John G. Morrison, Jr., attorney for the members of the Chippewa tribe, was granted his request by the district court of appeals, which handed down the decision against the injunction.

Morrison declares 300,000 acres of Indian land will be held by the state unless the court interferes, as was 600,000 acres already conveyed to the state, and that the Indians will receive no consideration for the land.

LEVIATHAN STEAMS ON HER TRIAL TRIP

(By United Press)
Aboard the S. S. Leviathan, by wireless to the U. P., June 21.—Steaming through cooling zephyrs of the Atlantic, the Leviathan, carrying several hundred guests of the shipping board on her trial trip, increased her speed another notch today.

The program is to continue speeding up until the maximum is reached. It is hoped that the Mauritanian record for a "sprint" will be broken. Captain Hartley is pleased with the ship's performance so far.

ETNA BURSTING OUT ONCE MORE

MOLTEN STREAMS OF LAVA ADVANCING ON HELPLESS TOWNS

(By United Press)
Catania, Sicily, June 21.—One hundred hours after the first great blasts from Etna's cone which started a panicky exodus of hundreds of thousands of Sicilians from their homes, molten streams of lava from the volcano still advanced on the helpless towns and deserted hamlets today. Ashes and cinders still fell in great clouds from the mountain.

One of the main streams of steaming withering lava, moving with decreasing speed suddenly shot out a fiery branch which is advancing on the hamlet of Lavanaro. Destruction of the little township seems imminent. Relief work continues, with the presence of King Victor Emmanuel a powerful bracer for the thousands of peasants whose homes lie beneath the lava lakes that still spread as eruptions go on with diminishing intensity.

(By United Press)
Aix la Chapelle, France, June 21.—A crowd of armed Germans today attacked a Belgian military cyclist detachment, according to a dispatch from Dorten.

PRES HARDINGS WESTERN TRIP

TO SPEAK TONIGHT IN ST. LOUIS,
HOME STATE OF SENATOR
REED

(By United Press)
Lawrence Martin, Aboard President Harding's Special Train en route to St. Louis, June 21.—President Harding will reveal on his western trip the general outline of a much more comprehensive international program than he has yet disclosed. Some of Mr. Harding's ideas on world relations may prove more startling and disquieting to the irreconcilables than his world court proposal. He was scheduled to speak tonight at St. Louis in the home state of Senator Reed, bitterest democratic irreconcilable. While there is nothing at this time to indicate, even broadly, the trend of Harding's program, it can be stated that if even a small portion of it is adopted, the United States will play a much more active part in hastening a settlement of world problems than it has up to this time.

The president has information of the most significant sort concerning developments in Europe. He has been increasingly impressed recently with the fact that European troubles, if long continued, will likely bring a reflex in the United States, which may adversely affect the farmers, industrial workers, business men and capitalists of this country.

This much can be said, that Europe's efforts to settle the Ruhr and reparations problems will not be allowed to end in total failure with the effort being made from this side of the Atlantic to prevent such a breaking-up of forces tending to adjustment, which Mr. Harding believes is vital, not only to America but to European welfare.

The presidential special is due at St. Louis late this afternoon and tonight, where his speaking tour will formally be begun in an address at the Coliseum of that city. Mr. Harding will take part in a cornerstone laying in the new City Club shortly after arriving in St. Louis.

FIRST REAL REAR PLATFORM SPEECH

Washington, Ind., June 21.—The size of the crowd of people at Mitchell, Indiana, moved President Harding to deliver the first real rear platform speech of his trip today.

"I am glad to see you this morning and to say a word to you," said Mr. Harding. "I know of nothing more pleasing for those who are temporarily charged with authority than to meet and come in contact with the people whom they are trying to serve."

"I want you to believe, because it is everlastingly true, that your government is just as much interested in you as you yourselves, because, unless you are a fortunate and happy people, your government cannot reach that height of efficiency, power and helpfulness to which we want to bring it. I thank you for this opportunity. Good-bye and good luck."

INJURED 'U' GRADUATE SUES FOR \$25,000

Minneapolis, June 21.—Because he was not able to march over the campus knoll and graduate from the University of Minnesota with his class yesterday, due to injuries received in an automobile accident, Harry Weiner, a senior at the university, today filed suit for \$25,000 against K. E. Brunsdale in district court.

HALL FRIDAY EVENING

CLARENCE E. MESERVE, REGIONAL DIRECTOR, TO BE A SPEAKER ON OCCASION

Friday evening at 7:30 o'clock a large group of people interested in a permanent Boy Scouts organization for Brainerd and Crow Wing county, will meet in the Iron Exchange hall on the third floor, and make preparations for the drive which will be started next week.

Clarence E. Meserve, Regional Director, is making arrangements now for a permanent organization. People interested in assisting are urged to attend.

The camp site is being cleared and a carpenter has been engaged to build the floors for the tents. The camp will be on the north shore of North Long lake near Merrifield.

TERRIFIC HEAT WAVE BROKEN

(By United Press)
Washington, June 21.—The terrific heat wave which enveloped the eastern part of the country last Tuesday, bringing about many deaths and prostrations, will be broken tonight, the official forecast of the United States weather bureau here declared today.

Fifty-nine persons have perished as the result of the heat wave which swept a great part of the United States.

These casualties occurred in Minnesota, Missouri, Ohio, Michigan, Illinois, New York, Massachusetts and Pennsylvania.

Suffering has been reported throughout the east and middle west. Thousands of sufferers slept on beaches along the Atlantic coast, and in big cities parks were thrown open for the same purposes.

Today is the longest day in the year, and it started out with even higher temperatures in many places than yesterday. More deaths and prostrations are considered inevitable if the heat continues.

TOLL OF TWO MORE LIVES IS TAKEN

* St. Paul, June 21.—The heat wave over the northwest took a toll of two more lives yesterday and increased the total of deaths from heat and storm to 6.

Gust Borsten, Minneapolis, left the sultry streets and went to Lake Nokomis for relief while the thermometer was at 92. He had been in the cooling waters of Lake Nokomis only a few minutes when he collapsed. He was taken to the boat house, where he died.

Gust Nordau, East Range, Wisconsin, died from injuries received in a storm which struck that town Tuesday. There were three heat prostrations in the Twin Cities yesterday, and two more today. Thousands of people deserted the cities to get relief at the lakes. Little relief was promised for the next 48 hours by the weather bureau.

TO LEAVENWORTH AND NOT BACK-TO-AFRICA

(By United Press)
New York, June 21.—Marcus Garvey, colored organizer of a Back-to-Africa movement, was sentenced today to five years imprisonment at Leavenworth, Kansas, for using the mails to defraud.

Garvey is accused of selling stock in a "Black Star" line to credulous negroes after the venture had become insolvent. At his request he was sentenced to Leavenworth instead of to Atlanta.

HOSPITALIZATION IS INADEQUATE

The criticisms of the Minnesota department of the American Legion have been justified by the inquiry conducted by Adjutant General Rhinow. Investigation establishes the claims of such spokesmen as Stafford King, adjutant of the Minnesota department of the American Legion, that there are many men in Minnesota who are denied hospitalization. Inquiry proves that men are dying of neglect within the borders of Minnesota.

The United States Veterans' bureau has claimed that these men might be cared for in a hospital located in Milwaukee. This may be true, but the fact remains that the men are not receiving care either in Minnesota or in Milwaukee. What the reasons are that lie behind the failure to give these men hospital treatment in Milwaukee we do not know, but it is proved that in Minnesota there is not sufficient accommodation for the tubercular war veterans. Perhaps the men refuse to go for treatment to some other state, and in the depressed condition arising from their illness would rather die at home than go some distance from home for treatment. If this is true they should be attended to within the limits of Minnesota. Economy ought not to be too much emphasized in dealing with a matter of this kind nor would the public wish the government to be over-economical in such matters.

The service men of the state of Minnesota have reason to regret the delay in commencing work on the hospital at St. Cloud, where mental cases will receive attention. This hospital should have been well under way by this date.

In stressing the need of attention due service men, the report of the investigation of hospital conditions in Minnesota discloses the fact that civilians are unable to gain admittance into state institutions because many of the beds have been turned over to tubercular war veterans. This ought not to be. Something adequate must be done and done quickly to remedy this condition of affairs.

The public has been ready to back up the demands made by service men's organizations that the disabled be given proper attention and be granted first place in any compensation paid by the government, and the public will be ready to insist that the claims of men mentally affected and tubercular, men who are dying as a result of diseases resulting from their service, should have attention before any others. There are horrors in Minnesota equal to the horrors of Flanders' fields, for what can be more horrible than a slow death amid conditions of neglect in which the dying feel that they are not considered by the government and people whom they served and for which they suffer.

THE ISSUE IS CLEAR-CUT

CITIZENS of Minnesota ought not to have much trouble in deciding who will be the next senator representing this state in the United States senate. The three candidates who go into the contest for election have been chosen by the votes cast by adherents of the respective parties. In the primary the votes of the constituents were split up and went to the candidate favored by the voter. But, whatever feelings may have developed during the contest up to this time, will be brushed aside and from now on the adherents of the three parties will unite on the candidate chosen to lead their party in the struggle.

The issue before the voters is clear-cut. It is practically certain that the nominee of the democratic party cannot be elected in this state at this time. The contest, therefore, will be between Governor J. A. O. Preus of the republican party and Magnus Johnson of the farmer-labor party. When confronted by the duty of choosing between these two, there seems to be little doubt that the intelligence of the voters will determine that the man who is exceptionally well qualified to represent this state in the senate will be elected by the votes of the people of Minnesota.

Magnus Johnson appeals to the farmers because he himself is a farmer and because he is ready to capitalize the discontent of the farmers of this state who, during the past three years, have known hard times. But when the farmers hear this man and become conscious of his limitations it is not probable that they will elect him to the senate. The intelligence of the farmers will convince them that Minnesota demands a senator who is able to command a hearing in the senate and who is qualified by training to make himself count for something in that august assembly. Magnus Johnson may be qualified to deal with various phases of the agricultural life of the farmer in the Northwest, he might represent the farmer on various bodies in a satisfactory way, but as a senator in the United States senate he would not get to first base.

Minnesota needs a senator to succeed the late Knute Nelson, who is qualified to take his place in the senate as the successor of a man who had won the respect of his associates in the higher body of the American congress. J. A. O. Preus has these qualifications and Magnus Johnson has not. When the voters call this to mind they will not hesitate over the question of which man to choose to fill the vacancy.

LESLIE BUSH is proving that his visit to his old home town didn't do him any harm. He knows that the fans in Brainerd are boosting for him every game he pitches and that may help a little.

MANY are attracted to Shelby, Montana, by the advertising the town is receiving on account of the big fight, and, as in the contest, some will win and others will leave town defeated.

WHAT the prophets said about the weather being a few degrees below normal temperature through this summer has not been fulfilled up to now.

HENRY FORD has stated that he will not run for president of the United States next year, which is a further indication that he is a sensible man.

AMUNDSEN won't fly over the North pole this year and thereby he adds another year to his life, for the odds were against him in such a flight.

THE tenure of office of a chief of police is not long. It's a position in which one can't please everybody.

MERCHANTS WELL PATRONIZED

One Party in Big Cadillac Liked Brainerd So Well, Stayed Here Week

There were so many tourists stopping at the camp grounds Wednesday night that the park would not accommodate them all, and many pitched their tents on land adjoining the camp site.

Brainerd business houses report that the summer visitors are patronizing local merchants very liberally. One tourist party purchased twenty-three dollars worth of blankets alone beside supplies to carry them to their next stopping point.

One party in a large Cadillac stayed in the city a week, while their automobile received a thorough overhauling here.

Following is the list of tourists registered at the camp site on Wednesday:

Mr. and Mrs. W. T. Immel, St. Paul.
Mr. and Mrs. L. C. Moore, Jessie and Arline Moore, Osakis.

H. A. Walstead and family, Albert City, Iowa.

David Walstead, Milaca.

Juvenile Band

Members of the Juvenile Band are requested to meet at 9 a. m. Friday morning at Mr. Pflock's residence for rehearsal which will be held in the open air at Boom lake.

The boys are asked to bring their instruments, stands and music. Mr. Pflock believes that the boys will enjoy this out-door practice.

Postponed A Week

The W. C. T. U. meeting and picnic which was scheduled for Friday, June 22nd, has been postponed one week, and will be held on Friday, June 29th. All members are asked to bear this change of date in mind. A large attendance at this picnic is desired.

NINE CHEAT DEATH AS AUTO IS WRECKED

Little Falls, Minn., June 21.—G. M. Harmon and a party of eight other men, all of whom refused to give their names, escaped injury when Harmon backed his touring car into a moving freight train here. The men had been in the northern end of the state on a fishing trip, and were on their way back to Kansas. Harmon was turning his car about and backed too close to the moving cars, which ripped the rear end off his machine. None of the party was injured.

BIG BLUEBERRY CROP SEEN IN WISCONSIN

Rhineland, Wis., June 21.—Providing weather conditions continue favorable Oneida and other northern Wisconsin counties will have an enormous blueberry crop this summer. It is believed that the blueberry production will equal that of three years ago when the yield broke all records in upper Wisconsin.

Burbank Plant Bears Potatoes and Tomatoes

Alexandria, La., June 21.—B. F. Hanes, a farmer of Willow Glen, has brought to Alexandria a freak of nature which it is understood here Luther Burbank, the plant wizard, has been trying to produce. It is a plant bearing Irish potatoes on the roots and tomatoes on the foliage.

Jack Holt Tells Whoppers During Filming of Picture

Water so cold three polar bears froze to death in it! That is the way Jack Holt described the waters around Truckee, Cal., where he went on location for a recent picture.

Member of the company filming "Making a Man," Jack Holt's new Paramount picture which will be on view at the Lyceum theatre Friday and Saturday were waiting for the electrician to adjust the lights and tell into the discussion of cold waters.

"Yes, sir," continued Holt, "they say that snow water is the coldest, but when I jumped from a stream made by melted snow, after being in this tub of water for close-up scenes, the snow-water actually scorched me."

LADIES! SECRET TO DARKEN YOUR HAIR

Bring Back its Color and Lustre With Grandma's Sage Tea Recipe

Common garden sage, brewed into a heavy tea, with sulphur, and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation, improved by the addition of other ingredients, a large bottle, at little cost at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While gray faded hair is not sin-

ful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and

draw it through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant, and you appear years younger.—Advt.

One Party in Big Cadillac Liked
BRAINERD SO WELL, Stayed Here
Week

There were so many tourists stopping at the camp grounds Wednesday night that the park would not accommodate them all, and many pitched their tents on land adjoining the camp site.

BRAINERD business houses report that the summer visitors are patronizing local merchants very liberally. One tourist party purchased twenty-three dollars worth of blankets alone beside supplies to carry them to their next stopping point.

One party in a large Cadillac stayed in the city a week, while their automobile received a thorough overhauling here.

Following is the list of tourists registered at the camp site on Wednesday:

Mr. and Mrs. W. T. Immel, St. Paul.
Mr. and Mrs. L. C. Moore, Jessie and Arline Moore, Osakis.

H. A. Walstead and family, Albert City, Iowa.

David Walstead, Milaca.
Frank Meyers and father, Minneapolis.

Dr. and Mrs. A. W. Pigott and sister, Minneapolis.

Ayers B. Putnam, St. Cloud.
Mrs. J. H. Burrall, Little Falls.

Jessie E. Burrall, Columbia, Mo.
C. H. Wilson, Waverly, Iowa.

Mrs. M. G. Parson, Mabel Johnson, Minneapolis.

C. A. Schull, Minneapolis.

Juvenile Band

Members of the Juvenile Band are requested to meet at 9 a. m. Friday morning at Mr. Pflock's residence for rehearsal which will be held in the open air at Boom lake.

The boys are asked to bring their instruments, stands and music. Mr. Pflock believes that the boys will enjoy this out-door practice.

Postponed A Week

The W. C. T. U. meeting and picnic which was scheduled for Friday, June 22nd, has been postponed one week, and will be held on Friday, June 29th. All members are asked to bear this change of date in mind. A large attendance at this picnic is desired.

NINE CHEAT DEATH AS AUTO IS WRECKED

Little Falls, Minn., June 21.—G. M. Harmon and a party of eight other men, all of whom refused to give their names, escaped injury when Harmon backed his touring car into a moving freight train here. The men had been in the northern end of the state on a fishing trip, and were on their way back to Kansas. Harmon was turning his car about and backed too close to the moving cars, which ripped the rear end off his machine. None of the party was injured.

BIG BLUEBERRY CROP SEEN IN WISCONSIN

Rhineland, Wis., June 21.—Providing weather conditions continue favorable Oneida and other northern Wisconsin counties will have an enormous blueberry crop this summer. It is believed that the blueberry production will equal that of three years ago when the yield broke all records in upper Wisconsin.

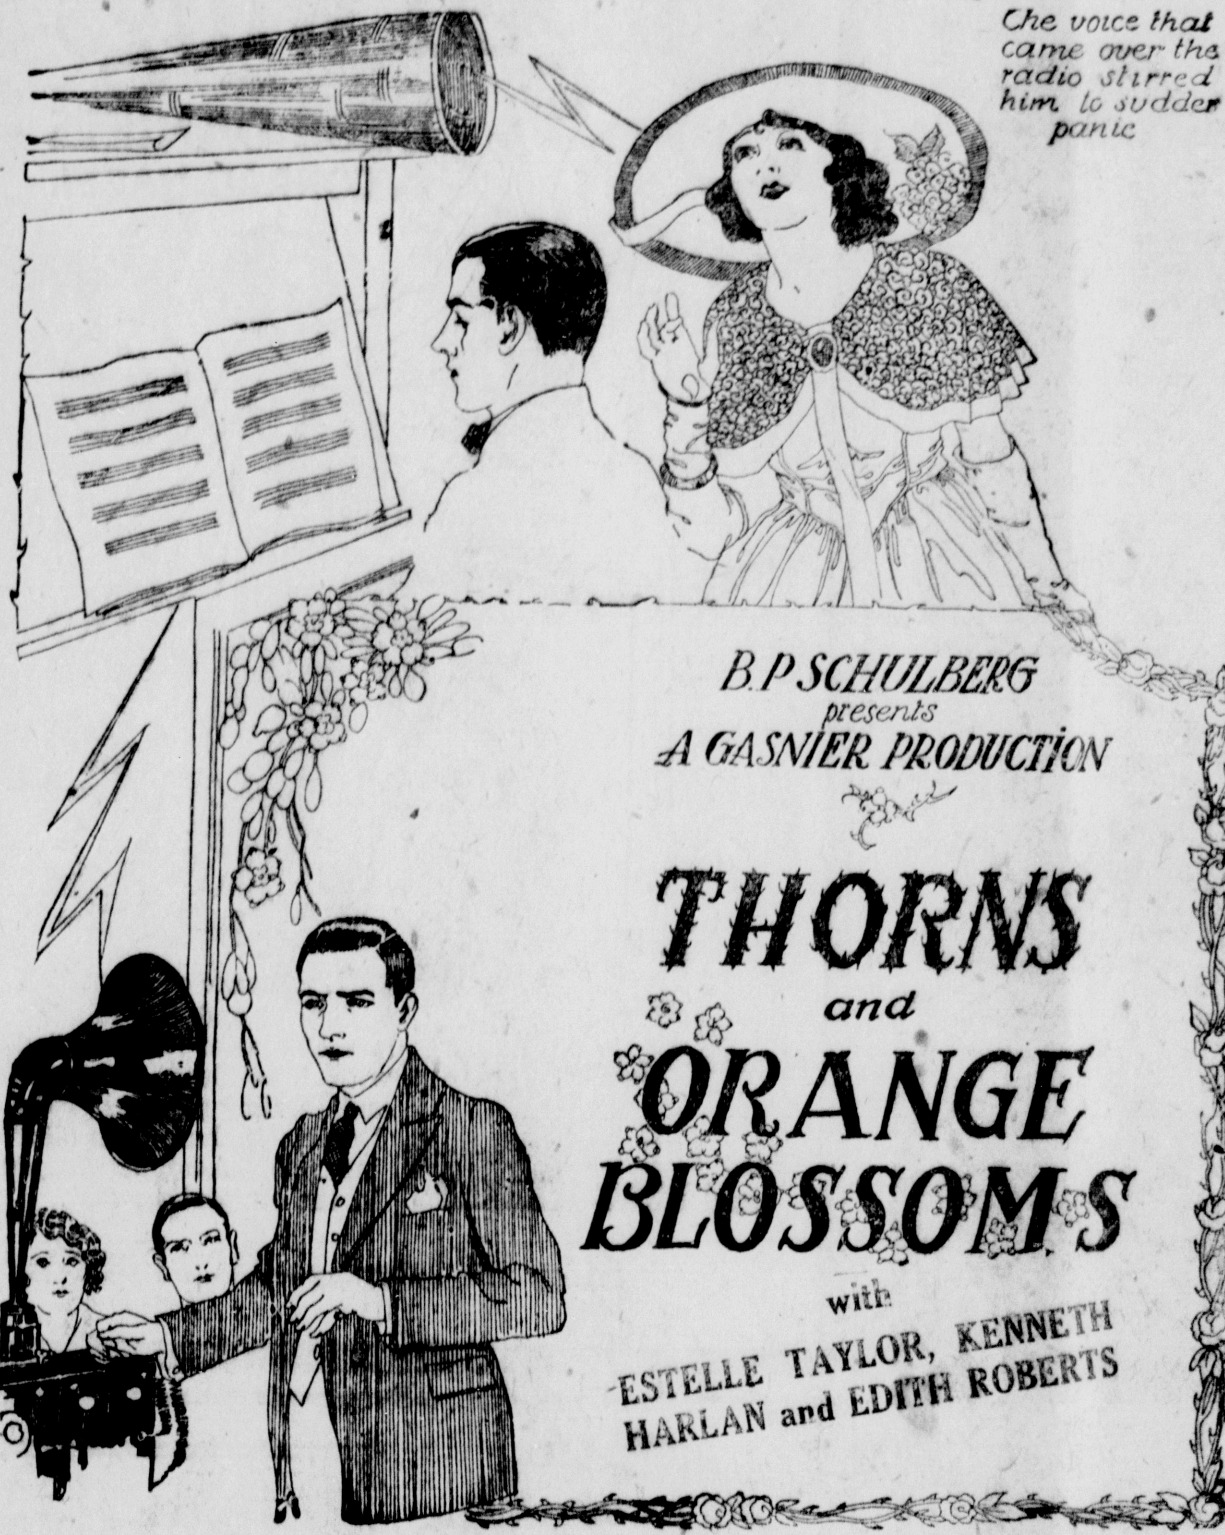

Burbank Plant Bears Potatoes and Tomatoes

Alexandria, La., June 21.—B. F. Hanes, a farmer of Willow Glen, has brought to Alexandria a freak of nature which it is understood here Luther Burbank, the plant wizard, has been trying to produce. It is a plant bearing Irish potatoes on the roots and tomatoes on the foliage.

JULEWOOD ORCHESTRA PLAYS

Members of Park Board Present,
Best of Order is
Preserved

Eighty-six couples enjoyed the weekly dance at Lum park Wednesday night, and report one of the best events of its kind this season.

The open-air pavilion near the lake was one of the coolest spots in the city, the music furnished by the Julewood orchestra was of the best, the floor, too, was in excellent condition.

No one could possibly object to the conduct of the dancers. The members of the park board were on the floor at all times during the dance, and will continue this practice. The board has signified its intention of making these weekly dances delightful occasions. Many of Brainerd's younger set were present on Wednesday evening, and have expressed themselves as intending to be on hand for the next dance.

The park board, with all of the added bathhouse facilities, finds itself still cramped for room, and will accordingly remodel the old refreshment pavilion to contain twenty-five ladies dressing rooms. A small area around the sides of this building will be reserved for refreshments stand, so that the structure will now serve two purposes.

DOUBLE WEDDING

Solemnized Wednesday When Two
Daughters of P. T. Anderson
Are Brides

On Wednesday evening a very pretty double wedding was celebrated when two daughters of P. T. Anderson were united in the bonds of holy wedlock at the home of their brother, Mr. and Mrs. Ben N. Anderson, 901 Fifth Ave., Northeast.

The wedding procession marched to an improvised altar to the strains of Lohengren's wedding march, played by Miss Jennie O. Wilson. Clyde Robert Anderson was ring bearer, Miss Ellen Dahl, as bridesmaid and Ben N. Anderson, brother of the brides, as best man, little Miss Roberta Anderson flower girl, for Miss Marguerite Lillian Anderson and Walter G. Peterson, and little Miss Dorothy Anderson as flower girl for Miss Ina Mae Anderson and Ira L. Tomlinson.

Rev. P. G. Fallquist, pastor of the Swedish Bethany church, performed the ceremony, using the beautiful ring service of the church. Mrs. P. G. Fallquist sang, "O Promise Me Sweetheart," and Mrs. Ben N. Anderson, "I Love You Truly."

The brides were becomingly attired in white silk crepe de chine with bridal veils and bouquets of bridal roses. The grooms wore the conventional black.

The bridesmaid wore a beautiful

dress of old rose taffeta and carried a bouquet of pink peonies.

The brides are well and favorably known in the city, having been raised here and attended the local schools. Miss Marguerite is a graduate of the local high school and has taught for the past few years.

Mr. Tomlinson is the son of Mr. and Mrs. M. Tomlinson, of Okeechobee, Florida, and is an exemplary young man. He has been employed as a barber at Avon Park, Florida, for the past several years, and is at present employed at the O. H. Gram barber shop.

Mr. Peterson is a son of Mrs. J. H. Peterson of St. Mathias, and has a large farm in that township. He is well and favorably known in the country.

The decorations used in the home were beautiful. The large hall being very pretty in American beauty roses and ferns, the living room was decorated in green and white and the dining room in pink and white.

A delicious luncheon was served to the gathering of immediate friends and relatives of the contracting parties.

Both happy young couples left by automobile on an extended camping trip.

Out of town guests were Mr. and Mrs. Fred Richter and Mrs. D. Richter of Crosby, Mrs. Carl Dahlquist of Randall, Miss Jennie O. Wilson, Minneapolis and Miss Hulda Hallquist, Rush City.

Mr. and Mrs. Peterson will go to housekeeping at their farm at St. Mathias and Mr. and Mrs. Tomlinson

will be at home at 901 Fifth Ave., N. E.

The Dispatch joins the many friends of these estimable young people in offering hearty congratulations and best wishes.

Clark-Loreg

Word has just been received announcing the marriage of Miss Mary Dorothy Loreg and Lawrence M. Clark, which took place in Minneapolis, Saturday evening, June 16th, at 8 o'clock.

Rev. Stanley Roberts, who was chaplain in Mr. Clark's regiment overseas, performed the ceremony. Miss Hattie Wachnick, cousin of the bride acted as bridesmaid, and William Molstad, formerly of Brainerd as best man.

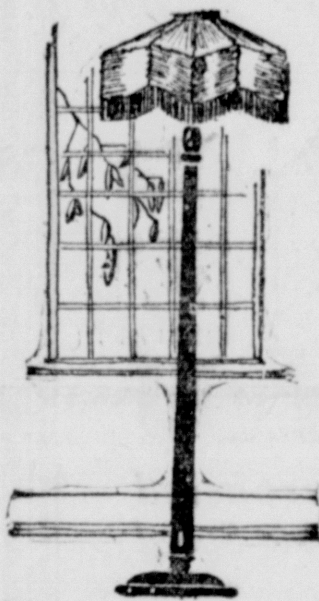

Both contracting parties are well and favorably known in Brainerd. The bride is the daughter of Mrs. Andrew Wesley, 310 South Third street.

Mr. Clark is a Brainerd boy, the son of Mr. and Mrs. William Clark of 704 So. 6th St., and was employed in the Northern Pacific shops and later as a clerk in the Brainerd Co-operative Mercantile Company. He is better known locally as "Blackie" Clark. He is now in the employ of the Minneapolis Steel and Machinery Corp.

The newly-weds have gone to housekeeping at 333 East 16th street, Minneapolis, where they will be at home to any of their Brainerd friends visiting in the city. The Brainerd Dispatch will keep them posted of happenings in this section.

WELCOMED BY PRES. ERICKSON

American Legion Quartet Sang,
Lions Vie In Addresses
Made

About twenty members of the Wadena Lions club motored to Brainerd Wednesday afternoon and were guests of the local Lions at their weekly luncheon.

Rev. Fred Errington, as chairman of the evening, introduced an interesting program. The address of welcome was made by Dr. W. A. Erickson, president of the Brainerd club, and was responded to by G. I. Prettyman, secretary of the Wadena organization.

The American Legion quartet, accompanied by Mrs. Walter F. Wieland at the piano, rendered four selections, receiving the hearty applause which their efforts merited. Two of the members of this quartet belong to the Lions club.

Dr. F. Osten-Sacken, lecturer for the Sheldon school of Chicago, and a character analyst of no mean ability, brought greetings from the up-town Lions club of Chicago, of which he is a member. The doctor entertained the assemblage with a character reading of one of the members.

Ben Saunders, of Wadena, head of the American Legion in that town, told of the similarity of ideals of the Legion and Lions club, especially in making for better citizenship and working for civic improvement.

Dr. Pierce, of the visitors, complimented the local club on its interest in the boys of the city, to the extent of assisting them in financing a juvenile band. He spoke of the work among the rising generation as one of the best programs a club could carry out.

O. J. Bouma gave an excellent address on the ideals of Lionism and the meeting closed with a beauty contest. Wadena members voted on the homeliest man in the Brainerd club, and the local Lions passed judgment on the handsomest visitor from Wadena. R. S. Wilcox and Ben Saunders carrying off these honors.

The juvenile band committee reported on the benefit moving picture show given at the Lyceum recently in which some \$75 was netted for the organization. This will be used toward the purchase of a brass horn for the band.

Attention was called to the seventh annual convention of the International Association of Lions clubs to be held at Atlantic City, New Jersey, June 26th to 29th.

One of the principal speakers at the convention will be Col. Alvin Owsley, national commander of the American Legion, who will give a stirring patriotic address.

There are over thirty-five thousand members of the Lions in the United States, and at least three thousand are expected at the annual convention.

DISTRICT COURT PROCEEDINGS

William Caron Found Guilty by Jury of Selling Intoxicating Liquors

A. J. HALSTED, JURY FOREMAN

Frank J. Koeppl Sentenced Indeterminate Period at Hard Labor in Stillwater

In district court Wednesday afternoon, the jury in the case of the State against William Caron, charged with the sale of intoxicating liquors, found the defendant guilty as charged.

The jurors on this case were Charles Barrett, Hans Anderson, E. G. Warner, C. E. Carlson, H. R. Congdon, Edwin Cass, Andrew Halsted, T. H. Brady, L. H. Schwendemann and W. J. Koop. Mr. Halsted acted as foreman. Caron will be sentenced by Judge B. F. Wright on Friday morning.

Frank J. Koeppl, of Crow Wing, pleaded guilty to a charge of carnal knowledge of a fourteen year old girl, and was sentenced Wednesday afternoon by Judge Wright to an indeterminate sentence at hard labor at the penitentiary at Stillwater, Minn. Koeppl is a married man past forty years of age.

Thursday the case of the state against Arthur Sartwell was tried and went to the jury at noon. Sartwell is also charged with the sale of intoxicating liquor.

The jury is composed of Mrs. J. P. Early, Mrs. A. M. Opsahl, Charles Barrett, L. E. Cameron, Hans Anderson, Edwin Cass, Elmer Tollefson, Andrew J. Nelson, Joseph Johnson, E. G. Warner, Frank Pickler.

Thursday afternoon the case of Myrtle Forsland against John H. Hill and Robert Kreider was to be tried. An extra venire of six jurors failed to provide enough for this case and a recess was taken until the jury in the Sartwell case should return with its verdict.

D. D. Schrader Named Appraiser of Large District of State Rural Credits Bureau

SEVEN COUNTIES IN DISTRICT

First Group of Loan Applications Approximates \$200,000—Run From \$1000 to \$10,000

D. D. Schrader has returned from St. Paul where he attended sessions of the rural credits board and became familiarized with his duties as their appraisal representative in the section including all of Crow Wing, Morrison, Aitkin and Cass counties and parts of Itasca and Hubbard counties and the north end of Todd county.

Application blanks can be had from him, from any bank in the county or county officers. He has commenced work today in the appraisal of a group of proposed loans to farmers whose applications run from \$1,000 to \$10,000, totalling \$200,000 worth of loans.

Owing to his work with the rural credits board, Mr. Schrader has relinquished his position as district manager of the Mutual Life Insurance company of New York, but will continue to write as a special agent.

The state rural credits bureau has started the work throughout the state of appraising the properties of those farmers who have applied for loans under the new rural credit law, which was passed at the last session of the legislature. The appointment of Mr. Schrader by Governor Preus and instructions to these field men to perform their duties promptly, shows that the state is certainly endeavoring to carry out the wishes of the legislature.

Daggett Brook, North and South Long Lakes, Wildwood, Silver Lake, Lake Edwards, Etc.

W. J. Smith, Missionary of the American Sunday School Union, announces that the annual group gathering of Union Sunday schools will be held on the Lake Edwards school grounds, Sunday, June 24th.

At the morning session there will be the reading of the Sunday school lesson and a gospel service. At 2 o'clock the general program of the schools will begin.

The following Sunday schools will be represented in this group and will take part in the program:

Daggett Brook, North and South Nisswa, Twin Lakes, Wildwood and Silver Lake.

There will also be short addresses by the following Brainerd pastors, Rev. S. M. Kelley, Rev. E. A. Cooke, Rev. Arthur C. Smith.

This will be a day of inspiration not only for the schools but for every one who may wish to attend. All are welcome. Any one interested in good things, and especially in rural Sunday schools can do no better than attend this gathering. Come with us and we will do you good. The Nisswa orchestra will assist in the music.

SVEA SOCIETY

3 FIRE ALARMS

Roof Fire on 1st Avenue, Furnace Smoke at Imperial Block, Rubbish Fire in Southeast

The fire department answered three alarms Wednesday, the first at 4 p. m. a roof fire at 421 First Ave., N. E. very little damage was done.

The second call was to the Imperial block, where smoke caused from burning papers in the furnace frightened someone, who turned in the alarm.

The last call at 11 p. m. was to the Olson confectionery on East Oak street, where some rubbish at the rear of the building was burning. This fire was extinguished before it spread or did any damage.

DISTRICT COURT PROCEEDINGS

William Caron Found Guilty by Jury of Selling Intoxicating Liquors

A. J. HALSTED, JURY FOREMAN

Frank J. Koeppl Sentenced Indeterminate Period at Hard Labor in Stillwater

In district court Wednesday afternoon, the jury in the case of the State against William Caron, charged with the sale of intoxicating liquors, found the defendant guilty as charged.

The jurors on this case were Charles Barrett, Hans Anderson, E. G. Warner, C. E. Carlson, H. R. Congdon, Edwin Cass, Andrew Halsted, T. H. Brady, L. H. Schwendemann and W. J. Koop. Mr. Halsted acted as foreman. Caron will be sentenced by Judge B. F. Wright on Friday morning.

Frank J. Koeppl, of Crow Wing, plead guilty to a charge of carnal knowledge of a fourteen year old girl, and was sentenced Wednesday afternoon by Judge Wright to an indeterminate sentence at hard labor at the penitentiary at Stillwater, Minn. Koeppl is a married man past forty years of age.

Thursday the case of the state against Arthur Sartell was tried and went to the jury at noon. Sartell is also charged with the sale of intoxicating liquor.

The jury is composed of Mrs. J. P. Early, Mrs. A. M. Opsahl, Charles Barrett, L. E. Cameron, Hans Anderson, Edwin Cass, Elmer Tollefson, Andrew J. Nelson, Joseph Johnson, E. G. Warner, Frank Pickler.

Thursday afternoon the case of Myrtle Forsland against John H. Hill and Robert Kreider was to be tried. An extra venire of six jurors failed to provide enough for this case and a recess was taken until the jury in the Sartell case should return with its verdict.

D. D. Schrader Named Appraiser of Large District of State Rural Credits Bureau

SEVEN COUNTIES IN DISTRICT

First Group of Loan Applications Approximates \$200,000—Run From \$1000 to \$10,000

D. D. Schrader has returned from St. Paul where he attended sessions of the rural credits board and became familiarized with his duties as their appraisal representative in the section including all of Crow Wing, Morrison, Aitkin and Cass counties and parts of Itasca and Hubbard counties and the north end of Todd county.

Application blanks can be had from him, from any bank in the county or county officers. He has commenced work today in the appraisal of a group of proposed loans to farmers whose applications run from \$1,000 to \$10,000, totalling \$200,000 worth of loans.

Owing to his work with the rural credits board, Mr. Schrader has relinquished his position as district manager of the Mutual Life Insurance company of New York, but will continue to write as a special agent.

The state rural credits bureau has started the work throughout the state of appraising the properties of those farmers who have applied for loans under the new rural credit law, which was passed at the last session of the legislature. The appointment of Mr. Schrader by Governor Preus and instructions to these field men to perform their duties promptly, shows that the state is certainly endeavoring to carry out the wishes of the legislature.

A New Beauty Aid

Today the corset is not a mere garment, but rather an aid to beauty. One's corsetiere is not to be classed with one's dressmaker or one's milliner—but rather with one's beauty specialist, whose methods depend not so much on the mode but on the specific needs of one's age, one's type, oneself.

Gossard Type Corsetry offers a scientific beauty aid to every type of woman.

What our corsetieres offer in the privacy of our specially equipped fitting rooms is of interest to any woman who would make the most of her natural beauty.

LOOK FOR HOARD OF BANDIT

Exploring Party Believes It Is on the Right Path to Robber's Treasure House.

Psychic messages from St. Nicholas are said by an archeologist in charge of excavations in the Balkans to have led to the discovery of the subterranean stronghold of Alf Pasha, a famous bandit who terrorized the Balkans a century ago.

According to the London Express the skeletons of 25 men were found, believed to have been killed because they discovered the secrets of Alf Pasha's treasure house and its labyrinthine passages. The principal one is about 1,100 yards long, intersected by tunnels leading into darkness, or returning by devious routes to their main corridor.

All Pasha's father was murdered by neighboring chieftains, and his mother urged him to take revenge. His fierceness and indomitable courage brought terror to the Balkans. In avenging the death of his father he grew rich on the spoils of war.

All Pasha assisted the Turks in their war with Russia in 1787, and was laden with honors. He became the ruling power in Albania, and helped Napoleon, with the ambition of establishing his kingdom as a seapower. Being disappointed, he next fought against Napoleon, and negotiated peace with Great Britain in the name of the Ottoman government. On emerging from the grand vizier's tent he was treacherously murdered.

The exploring party hopes soon to reach the crypt where the treasures are believed to lie. These riches are said to embrace money, jewels, tapestries and a collection of golden Byzantium chalices, stolen from churches.

Hatch Eggs in Decaying Plants.

The Australian brush turkey lays its eggs on the top of a heap of decaying vegetation, which it has piled up to a height of fifteen feet or so. The eggs are laid at a depth of five or six feet, and left to hatch themselves by the warmth generated by the decaying matter.

WEAK WOMEN

cannot hope ever to become strong and well again unless they have plenty of good, rich, red blood of the kind that organic iron—Nuxated Iron—helps make. Nuxated Iron is like the iron in your blood and like the iron in spinach, lentils and apples, while metallic iron is iron just as it comes from the action of strong acids on iron filings. Nuxated Iron does not injure the teeth nor upset the stomach; it is an entirely different thing from ordinary metallic iron. It quickly helps make rich, red blood, revitalizes worn-out, exhausted nerves and gives you new strength and energy. Over 1,000 people annually are using it. At all drug stores. Beware of substitutes. The genuine has N. I. stamped on every tablet. Always insist on having the genuine.

GOOD ROADS PAYING THEIR OWN WAY NOW

"Farmers want good roads but they don't want to pay for them," wrote a newspaper correspondent summing up a survey of Minnesota conditions.

"Good roads pay for themselves but must be allowed to do it," is the answer to the proposition, given in a highway bulletin this week.

Here are the figures and facts with which the bulletin statement is supported.

Minnesota has more than 400,000 automobiles and trucks. Covering an average of 5,000 miles each this season, they will run 2,000,000,000 car miles. At 10 cents a mile, the commonly accepted figure, the cost of operation will exceed \$200,000,000. Better roads easily will save 1 cent a mile or upward of \$20,000,000 which otherwise would go for extra gasoline and tires and greater car depreciation and repairs. The saving being three times the tax total for good roads, means that the motor vehicle owners are getting back \$3 on the average \$1 paid toward the state highway program.

The auto taxes are used only on the trunk or so-called Babcock highways outside of St. Paul, Minneapolis and Duluth, although owners in those cities pay \$2,000,000 or more than a third of the tax total. Also they pay about \$100,000 more than they get back from the state aid fund used wholly on local or farmer roads. County and township road and bridge taxes are levied on farms fronting and served by trunk routes but used entirely on local roads. Counties are left with five times as much money for local road purposes since the state took over the main or trunk highways.

The farmer hauls bigger loads and in rainy weather on good roads—waves time and money and gains in convenience, continues the bulletin. His farm is valuable in a great degree of proportion to the road leading to it—a good road increases property values and yields profits in many ways. But the road must be built before it can begin paying for itself.

Cracked Furniture.

If any of the furniture has become cracked in moving, soften beeswax until it is of the consistency of putty; then with a thin steel knife press it firmly into the cracks. Sandpaper around the filled-in parts and work the dust into the beeswax to give it a wood color and when the furniture is varnished the repair will not be visible.

Cold Water Will Delay Start of Channel Swim

MAKING BOXING CHAMPIONS BY WHIM

By PAUL R. MALLON
United Press Sports Editor

New York, June 21.—"When is a champion not a champion?"

Ask the New York State Boxing Commission.

The board of governors of boxing in New York is practicing a policy of lifting the championship laurel from the head of one boxer and placing upon the brow of another. Thus are champions made in New York. They needn't fight. All they have to do is place a forfeit with the commission, wait six months, and if the challenge is not taken up they forthwith become champion of their class.

A champion may be champion in the state of New Jersey and every other state in the country, and yet a few miles away there would still be another champion of the same class in New York.

This was not the purpose for which the law was made. The purpose of this provision was to avoid the old rule of champions dodging fights with contenders they feared. Before boxing regulations were introduced, a champion could refuse to meet any of his chief contenders and thereby retain his title even though he might not be the best man of the class.

He still can. The law didn't help matters any. It only complicated things.

The commission lifted the title of Mickey Walker because he had failed to answer the forfeit of Dave Shade. The title thereupon was given to Shade. A perfect law would not have permitted this. It would have COMPELLED Walker to meet Shade, and determine which was best. After the order was issued, Walker didn't worry any. He went on fighting in other states under the name of champion. He did just what he pleased outside of New York.

When the commission decreed that Johnny Kilbane was no longer champion because he would not meet Eugene Criqui, it didn't worry Kilbane either. He went on picking up money in other communities as he pleased, and when he got good and ready to fight Criqui he did—and lost his title.

If every state where boxing is permitted had a state commission and these state commissions were bound together as a sort of "court of justice" this old rule could be eliminated and a national policy toward boxing established.

TAD JONES RE-ENGAGED AS YALE GRID COACH

New Haven, June 21—Yale athletic authorities have announced the makeup of the football coaching staff for next season.

T. A. D. Jones, head coach for the last two seasons, will again have charge of Yale's football destiny. Jack Owsley, star of the 1905 team and head coach of Tom Shevlin's 1906 team, will act as first assistant to Jones.

Ralph Jordan, captain of last year's stars, will succeed "Mac" Aldrich as backfield coach.

Johnny Mack, head coach of the Yale track team, has been retained in that capacity for next season. It has been announced by John T. Blossom, director of athletics, that Merriam, who came here from Chicago university as head coach during the last season, when Mack was ill, has been reappointed as Mack's assistant.

A new addition will be Earl Thomson, now coach at the University of West Virginia.

PAUL CASTNER TO PASS UP BASEBALL FOR OIL BUSINESS

Minneapolis, June 21—Paul Castner, famous Notre Dame athlete, will pass up an opportunity to become a big league hurler to take a position with a southern oil firm, he announced on returning to his home in St. Paul.

Castner graduated from Notre Dame this June. He was besieged by numerous offers of major league clubs but turned them down to accept the position with the oil company.

Castner had a wonderful athletic record while at Notre Dame. He starred in football, baseball and hockey and was one of the most popular athletes ever turned out from the South Bend school.

N. D. UMPS CAN FORGET BOTTLES AND CUSHIONS

Bismarck, June 21—Umpires in the North Dakota baseball league need not worry much about being hurt by thrown pop bottles or slugged by cushions thrown by angry "fans."

The state workmen's compensation bureau states that umpires as well as players come within the compensation law and has asked the club managers that the required premiums be paid.

LOOK FOR HOARD OF BANDIT

Exploring Party Believes It Is on the Right Path to Robber's Treasure House.

Psychic messages from St. Nicholas are said by an archeologist in charge of excavations in the Balkans to have led to the discovery of the subterranean stronghold of Ali Pasha, a famous bandit who terrorized the Balkans a century ago.

According to the London Express the skeletons of 25 men were found, believed to have been killed because they discovered the secrets of Ali Pasha's treasure house and its labyrinthine passages. The principal one is about 1,100 yards long, intersected by tunnels leading into darkness, or returning by devious routes to their main corridor.

All Pasha's father was murdered by neighboring chieftains, and his mother urged him to take revenge. His fierceness and indomitable courage brought terror to the Balkans. In avenging the death of his father he grew rich on the spoils of war.

All Pasha assisted the Turks in their war with Russia in 1878, and was laden with honors. He became the ruling power in Albania, and helped Napoleon, with the ambition of establishing his kingdom as a seapower. Being disappointed, he next fought against Napoleon, and negotiated peace with Great Britain in the name of the Ottoman government. On emerging from the grand vizier's tent he was treacherously murdered.

The exploring party hopes soon to reach the crypt where the treasures are believed to lie. These riches are said to embrace money, jewels, tapestries and a collection of golden Byzantium chalices, stolen from churches.

Hatch Eggs in Decaying Plants.

The Australian brush turkey lays its eggs on the top of a heap of decaying vegetation, which it has piled up to a height of fifteen feet or so. The eggs are laid at a depth of five or six feet, and left to hatch themselves by the warmth generated by the decaying matter.

WEAK WOMEN

cannot hope ever to become strong and well again unless they have plenty of good, rich, red blood of the kind that organic iron—Nuxated Iron—helps make. Nuxated Iron is like the iron in your blood and like the iron in spinach, lentils and apples, while metallic iron is iron just as it comes from the action of strong acids on iron filings. Nuxated Iron does not injure the teeth nor upset the stomach; it is an entirely different thing from ordinary metallic iron. It quickly helps make rich, red blood, revitalizes worn-out, exhausted nerves and give you new strength and energy. Over 1,000 people annually are using it. At all druggists. Beware of substitutes. The genuine has N. I. stamped on every tablet. Always insist on having the genuine.

GOOD ROADS PAYING THEIR OWN WAY NOW

"Farmers want good roads but they don't want to pay for them," wrote a newspaper correspondent summing up a survey of Minnesota conditions.

"Good roads pay for themselves but must be allowed to do it," is the answer to the proposition, given in a highway bulletin this week.

Here are the figures and facts with which the bulletin statement is supported:

Minnesota has more than 400,000 automobiles and trucks. Covering an average of 5,000 miles each this season, they will run 2,000,000,000 car miles. At 10 cents a mile, the commonly accepted figure, the cost of operation will exceed \$200,000,000. Better roads easily will save 1 cent a mile or upward of \$20,000,000 which otherwise would go for extra gasoline and tires and greater car depreciation and repairs. The saving being three times the tax total for good roads, means that the motor vehicle owners are getting back \$3 on the average \$1 paid toward the state highway program.

The auto taxes are used only on the trunk or so-called Babcock highways outside of St. Paul, Minneapolis and Duluth, although owners in those cities pay \$2,000,000 or more than a third of the tax total. Also they pay about \$500,000 more than they get back from the state aid fund used wholly on local or farmer roads. County and township road and bridge taxes are levied on farms fronting and served by trunk routes but used entirely on local roads. Counties are left with five times as much money for local road purposes since the state took over the main or trunk highways.

The farmer hauls bigger loads and in rainy weather on good roads—saves time and money and gains in convenience, continues the bulletin. His farm is valuable in a great degree of proportion to the road leading to it—a good road increases property values and yields profits in many ways. But the road must be built before it can begin paying for itself.

Cracked Furniture. If any of the furniture has become cracked in moving, soften beeswax until it is of the consistency of putty; then with a thin steel knife press it firmly into the cracks. Sandpaper around the filled-in parts and work the dust into the beeswax to give it a wood color and when the furniture is varnished the repair will not be visible.

Cold Water Will Delay Start of Channel Swim

Dover, England, June 21—Romeo Maciel, the Argentine long distance swimmer who is here training for an attempt to swim the English channel this summer, does not anticipate that the swim can be made for some weeks yet as the sea temperature is very low.

MAKING BOXING CHAMPIONS BY WHIM

By PAUL R. MALLON
United Press Sports Editor

New York, June 21.—"When is a champion not a champion?" Ask the New York State Boxing Commission.

The board of governors of boxing in New York is practicing a policy of lifting the championship laurel from the head of one boxer and placing upon the brow of another. Thus are champions made in New York. They needn't fight. All they have to do is place a forfeit with the commission, wait six months, and if the challenge is not taken up they forthwith become champion of their class.

A champion may be champion in the state of New Jersey and every other state in the country, and yet a few miles away there would still be another champion of the same class in New York.

This was not the purpose for which the law was made. The purpose of this provision was to avoid the old rule of champions dodging fights with contenders they feared. Before boxing regulations were introduced, a champion could refuse to meet any of his chief contenders and thereby retain his title even though he might not be the best man of the class.

He still can. The law didn't help matters any. It only complicated things.

The commission lifted the title of Mickey Walker because he had failed to answer the forfeit of Dave Shade. The title thereupon was given to Shade. A perfect law would not have permitted this. It would have COMPELLED Walker to meet Shade, and determine which was best. After the order was issued, Walker didn't worry any. He went on fighting in other states under the name of champion. He did just what he pleased outside of New York.

When the commission decreed that Johnny Kilbane was no longer champion because he would not meet Eugene Criqui, it didn't worry Kilbane either. He went on picking up money in other communities as he pleased, and when he got good and ready to fight Criqui he did—and lost his title.

If every state where boxing is permitted had a state commission and these state commissions were bound together as a sort of "court of justice" this old rule could be eliminated and a national policy toward boxing established.

TAD JONES RE-ENGAGED AS YALE GRID COACH

New Haven, June 21—Yale athletic authorities have announced the makeup of the football coaching staff for next season.

T. A. D. Jones, head coach for the last two seasons, will again have charge of Yale's football destiny. Jack Owsley, star of the 1905 team and head coach of Tom Shevlin's 1906 team, will act as first assistant to Jones.

Ralph Jordan, captain of last year's stars, will succeed "Mac" Aldrich as backfield coach.

Johnny Mack, head coach of the Yale track team, has been retained in that capacity for next season. It has been announced by John T. Blossom, director of athletics. Ned Merriam, who came here from Chicago university as head coach during the last season, when Mack was ill, has been reappointed as Mack's assistant.

A new addition will be Earl Thomson, new coach at the University of West Virginia.

M. E. Wins Again

M. E. church young peoples nine beat the Merrifield regular team 12 to 8 in a five inning game last night. Batteries for the M. E. were Ericson and Carlson; for Merrifield Niles and Shorty Long and Quinn Parker.

PAUL CASTNER TO PASS UP BASEBALL FOR OIL BUSINESS

Minneapolis, June 21—Paul Castner, famous Notre Dame athlete, will pass up an opportunity to become a big league hurler to take a position with a southern oil firm, he announced on returning to his home in St. Paul.

Castner graduated from Notre Dame this June. He was besieged by numerous offers of major league clubs but turned them down to accept the position with the oil company.

Castner had a wonderful athletic record while at Notre Dame. He starred in football, baseball and hockey and was one of the most popular athletes ever turned out from the South Bend school.

N. D. UMPS CAN FORGET BOTTLES AND CUSHIONS

Bismarck, June 21—Umpires in the North Dakota Baseball league need not worry much about being hurt by thrown pop bottles or slugged by cushions thrown by angry "fans."

The state workmen's compensation bureau states that umpires as well as players come within the compensation law and has asked the club managers that the required premiums be paid.

Your Kidneys are Most Important to Your Life

Read This Woman's Testimony

Austin, Minn.—"Dr. Pierce's Anuric (kidney and backache) Tablets are the very best I have ever known. My kidneys were in a bad condition for over three years. I bloated so that several quarts of water was tapped from me at one time, and my people were expecting me to die when I had them give me the Anuric Tablets and the relief came almost at once. I took seven or eight bottles of Anuric and was restored to perfect health, which I still enjoy."
